

Me Too

Fluid Motion®

Me Too Fluid Motion®

Me Too can be personalized to the finest detail with specially designed mechanisms and advanced adjustments that are spread all over the chair. Sliding seat, multifunctional arms, lumbar and neck support, mesh backrest, bases and castors for different surfaces... All these details are for a better personal experience.

Me Too Fluid Motion® is offering advanced ergonomics that keeps the user healthy and boosts productivity. Thanks to its structural flexibility, Me Too mimics the user's body and movements. It encourages healthy sitting by supporting dynamic sitting and the right posture.

Designed by Nurus D Lab

Nurus D Lab, always up to date with both scientific and technological developments; designs products that are ahead of their time by observing the needs of users and listening to their dreams. The end product that is presented to the user is the best one among countless options, emerging from brilliant ideas. Nurus D Lab manages all the steps that are taken from setting the brand's design strategy to the market launch.

Dimensions defined in millimeters.
