A wide range sofa family that makes 60s retro meet today

Greta makes past meet with the future, brings the 60's retro to today. It is suitable for home, workplaces and all kind of lounges with its family line.

Named after 60's iconic star Greta Garbot, it captures the soul of the era and features welcomes spaces.

Greta is a wide range sofa family named after 60's iconic star Greta Garbot, it captures the soul of the era and features in welcoming spaces. It is suitable for home, workplaces and all kind of lounges with its family line.

While allowing effective construction of limited spaces and personalization with its back shelf option, Greta adapts to its environment with its rich color options.

Its durable structure, soft quilted fabric and lightness help make spaces comfortable. Greta creates warm and fun spaces.

Having specifically designed modules for intimate meetings, it covers the needs of many businesses as well as public spaces.
