

A close-up photograph of an office chair. The focus is on the armrest, which is a dark, textured, rectangular pad. Below it, the chair's backrest is visible, featuring a light-colored, ribbed mesh. The chair's frame is dark. The background is a soft, out-of-focus office environment. The overall tone is professional and modern.

**Introducing the Uneo collection
Designed by Martin Ballendat**

A task chair for active sitting

The young style and rich functionality of Uneo supports dynamic and multitasking work. Uneo is conforming to user's physique and responding to posture changes with its smart mechanism. Within self-weight feature, Uneo still enables personal fine adjustments to fit perfectly with flexible posture.

Chairs:

Uneo

- Uneo gray frame
- Uneo black frame
- with our without arm

A close-up photograph of an office chair. The focus is on the right armrest, which is a dark grey, rectangular pad. Below the armrest, a silver-colored metal adjustment lever is visible. The chair's backrest, made of a light grey mesh, is in the background and slightly out of focus. The seat cushion, also in dark grey, is visible at the bottom. The word 'nurus' is printed in a bold, white, lowercase sans-serif font across the center of the image, partially overlapping the armrest and the backrest.
