Waves on Wheels

Design by **Paul Brooks**

Waves on Wheels

Dynamic sitting with high-tech, elastic mesh backrest that smoothly adapts to your movements. Continuous organic form unites backrest with the seat pan. Highly adaptable -to both you and your surroundings- with its elastic structure. An interrupted figure from lightweight, uni-body frame in black or light grey.

Waves with its integrated tilt mechanism, has 9 degrees back tilt, and 1-degree front tilt capacity. Waves promotes safety and ease of use in shared work areas, meeting spaces and educational environments, training centers, hotels, libraries, home offices and more.

- With 5-star caster base on wheels.

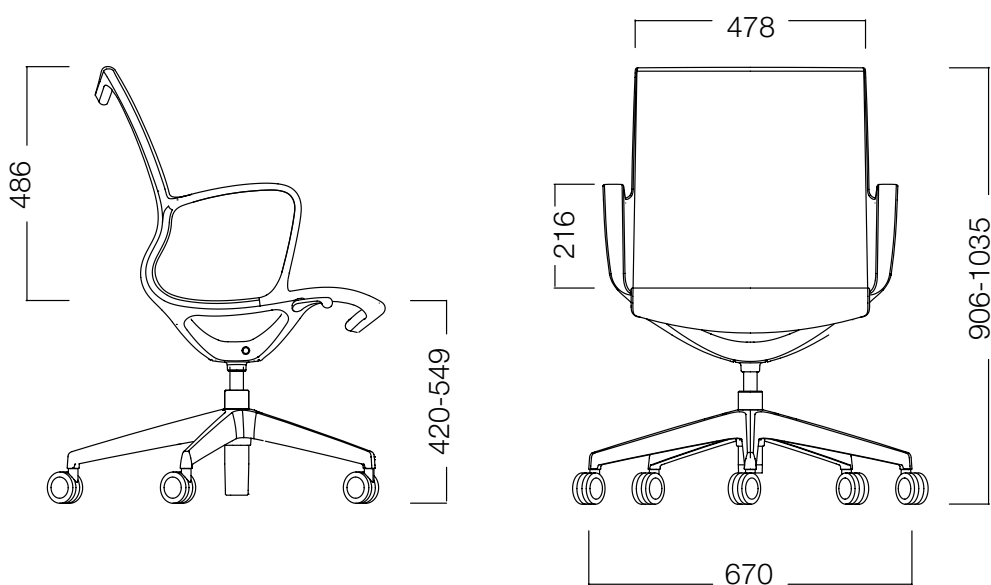

Design by Paul Brooks

Paul Brooks is a British designer who lives in France and works in Germany. An expert in office seating products design, Brooks' Anglo-German studio produces focused and conscious design solutions for furniture companies and suppliers in Europe and America.

The organic everybody's chair.
