# Silva Workstations

Design by **Nurus D Lab**

---

## Silva Workstations

Silva workstations help organize workspaces in accordance with changing number of employees. Ensuring workspaces are organized efficiently and productively in different business lines, Silva workstations strengthen communication between employees and revive team spirit.

In addition to accessories and panels featured in this collection, Silva can also be utilized with accessories from Tools product group to establish personal workspaces and customize workspaces for individuals. Similarly, different Nurus storage units can be utilized along with Silva collection to shape your office to meet your needs.

## Design by Nurus D Lab

Always up-to-date with science and technology, Nurus D-Lab designs products that are ahead of their time. Through human-centered observation, prototyping and in respect to trending needs and dreams, the team works diligently. Coming up with meaningful and reflective design solutions only marks the start of the process: From strategy to launch and support, D-Lab manages it all. Each detail is attended and tested through at the advanced level.
