Core Pro-Support®

For healthy and dynamic work environments; Core is a high-performance task chair that minimizes fatigue and potential physiological disturbances caused by prolonged working periods. Its high quality and safety standards are internationally by GS Certification from LGA (Landesgewerbeanstalt Bayern) Institute.

Fit Core to your body -and to your task- through adjustable backrest tilt and height customization options. You may further personalize your chair through individual armrest and neck support adjustments. With Core, you will feel an increase in capacity and comfort at work.

Pro-Support® is adaptability: It may be personalized for extra comfort, regardless of body size or type. With quick and fine adjustments, **Pro-Support®** offers backrest tension to be personalized. Core **Pro-Support®** encourages a healthy sitting habit as you work. Ideal choice for all living and working environments, as well as executive offices.

Design by Justus Kolberg

Kolberg graduated from Muthesius College, Industrial Design in Kiel, Germany in 1990. During his work in Kolberg, Spain and Germany, he stood out with his striking designs. Kolberg's extraordinary professional career extends to modern technical architecture. As of today, his main focus is on seating groups and table designs. Kolberg gained much international recognition including Design Week Great Britain and Design Champion first prize awards, the IDEA-Gold Industrial Design Excellence Award and 9 Red Dots.
