Brooklyn Desks

Design by **Nurus D Lab**

Brooklyn Desks

Brooklyn executive system takes its name from the famous, iconic Brooklyn Bridge. True to this eponym, it is precisely and mathematically designed with the latest manufacturing techniques. Solid metal woven like a net climbs up in a hyperbole to support wooden tops and cabinets. This geometric interpretation to us, is reminiscent of the strength of a bridge.

Brooklyn desks create dynamic and progressive executive work spheres; make Brooklyn Exe a strong bridge between you and your business. Comes with side desks and storage units.

Design by Nurus D Lab

Always up-to-date with science and technology, Nurus D Lab designs products that are ahead of their time. Through human-centered observation, prototyping and in respect to trending needs and dreams, the team works diligently. Coming up with meaningful and reflective design solutions only marks the start of the process: From strategy to launch and support, D Lab manages it all. Each detail is attended and tested through at the advanced level.

Architectural management.
