Have a Break

Design by **Ece-Oğuz Yalım**

Have a Break

Innovation through transformation of the workspace. Have a Break is a mission to challenge tradition; to render rest and work into spontaneous and joyful gatherings. For meetings, presentations, team work or having a quick bite... For socializing, reflection or simply waiting... Have a Break is free thinking, motivation and productivity for all!

Various build and storage options help effective utilization of interiors. Have a Break features built-in electrical connections and storage units. So, spice things up with a coffee maker, a mini fridge or a microwave oven. Use in collaboration with the Media Wall to make video sharing and video-conferencing a breeze. Greatly enhance workplace dynamics and boost team energy.

Five different variations that let you choose salad bar, mini fridge and microwave oven modules -either individually or as a bundle.

Design by Ece-Oğuz Yalım

Ece-Oguz Yalim have founded the Artful Interior Design Co. in 1996. Since 2004 on, they offer interior and product design services at the Ece Yalim Design Studio. Among the brands they serve are AHK Interiors, Arlight, Ar-Yıldız, Atlas Carpet, Castle, GW Global Warehouse, Nurus, Moonlight, Pasabahce, Rapido and more.
