Have a Break Collection

Design by **Ece-Oğuz Yalım**

A new-generation, all-purpose station.

Innovation through transformation of the workspace. Have a Break is a mission to challenge tradition; to render rest and work into spontaneous and joyful gatherings. For meetings, presentations, team work or having a quick bite... For socializing, reflection or simply waiting... Have a Break is free thinking, motivation and productivity for all!

Various build and storage options help effective utilization of interiors. Have a Break features built-in electrical connections and storage units. So, spice things up with a coffee maker, a mini fridge or a microwave oven. Use in collaboration with the Media Wall to make video sharing and video-conferencing a breeze. Greatly enhance workplace dynamics and boost team energy.

Five different variations that let you choose salad bar, mini fridge and microwave oven modules -either individually or as a bundle.
