## XL

A reflection of your corporate identity with a rich selection of materials; XL creates prestigious and powerful meeting areas. With 4 options, ranging in size from 3.2 to 8 meters (S, M, L and XL), XL tables are the ideal choice for meeting or conference rooms of different sizes. XL bears the nature and splendor of wood in appearance.

XL is easily distinguishable for its endurance as well as its connectivity solutions. True to today's needs, XL hauls electrical and data connections to the tabletop through its closed frame legs. Outlets are secured and hidden by the lacquered or eco-leather cable covers located in the center, accounting for an overall sharp look.

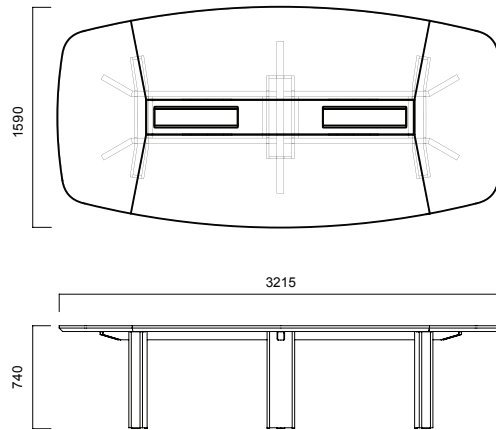

- Lacquered base tray.
- Table top with melamine, veneer or recomposed veneer finish.
- Optional open or closed frame legs.

## Design by Nurus D Lab

Always up-to-date with science and technology, Nurus D Lab designs products that are ahead of their time. Through human-centered observation, prototyping and in respect to trending needs and dreams, the team works diligently. Coming up with meaningful and reflective design solutions only marks the start of the process: From strategy to launch and support, D Lab manages it all. Each detail is attended and tested through at the advanced level.
