Tools

Design by **Nurus D Lab**

Tools

Designed to facilitate your business life and organise work spaces, Tools collection has a rich product range, including panels, accessory strips and organizer accessories.

Offered with a variety of material choices, panels in Tools collection can be used in conjunction with most of Nurus worksystems, helping establish a private work space in open offices.

Along with CPU carrier, which can be used with Be2 cabinet, Tools accessories include desktop book holder, file holder, rack, vertical and horizontal paper holder, pen rack, note holder, photograph holder, and mini rack, which can be hung or attached to accessory strip.

Design by Nurus D Lab

Always up-to-date with science and technology, Nurus D Lab designs products that are ahead of their time. Through human-centred observation, prototyping and in respect to trending needs and dreams, the team works diligently. Coming up with meaningful and reflective design solutions only marks the start of the process: From strategy to launch and support, D Lab manages it all. Each detail is attended and tested through at the advanced level.
