Aro Collection

Design by **Lievore Altherr Molina**

BERNHARDT | design by **nurus**

Expression of dynamism.

The three circles that hold Aro's two legs together creates a statuesque look and a neat synthesis besides reminding of spatial lightness. With its fixed base and turning chair, Aro is as suitable for use in working and social spaces as it is in houses. Aro holds the GREENGUARD Certificate.

Aro, which is as prudent as a bar tender, listens to everything and tells none!
