Greta High Backrest

Design by Nurus D Lab

Greta High Backrest

Introducing spirit of 60s with its retro design, Greta seamlessly fits into your interior design with a wide product range and rich variety of colours.

Greta high backrest establish a defined and personal space, creating efficient solutions for wide open spaces. Featuring two different height options, Greta high backrest create personal spaces with soft quilted upholstery that minimizes effects of environment.

Featuring single, double, and triple options, Greta high backrest sofas facilitate designing various spaces to meet the purpose, including open offices, waiting rooms, and public areas.

You may opt to utilize Greta high backrest sofas with or without coffee tables, depending on your preferences. High backrest sofas offer two different seating height options: you can use 41 cm version without a table, and 46 cm version with a meeting table.

Meeting spaces established via Greta high backrest sofas support efficient use of body language and decrease hierarchy to strengthen communication. In meeting spaces created by Greta, you can utilize Isola Media Wall to use electronic devices, transfer data, make presentations, perform video and teleconferences.

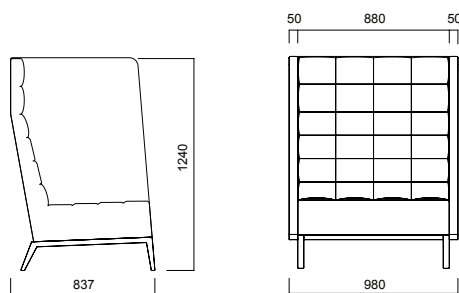

Design by Nurus D Lab

Always up-to-date with science and technology, Nurus D Lab designs products that are ahead of their time. Through human-centred observation, prototyping and in respect to trending needs and dreams, the team works diligently. Coming up with meaningful and reflective design solutions only marks the start of the process: From strategy to launch and support, D Lab manages it all. Each detail is attended and tested through at the advanced level.

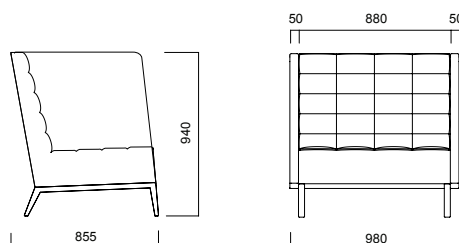

Most efficient way to create a defined personal space.
