Pila

Executive Desks

Design by **Nurus D Lab**

Pila Executive Desks

Pila executive desks were designed to enable you to build your office to suit your needs and habits. Offering a variety of width choices, Pila executive desks also features series of storage units that facilitate organizing workspaces as you desire.

Legs of Pila can be preferred as veneered. Pila executive desks offer a front panel; standing structure choices also include 4 legs, 3 legs with a side cabinet, and 2 legs with a side cabinet.

Slabs of Pila executive desks are different from single tables, they come at 30 mm thickness. When used together with meeting tables, they will help establish executive and meeting rooms in the same design language.

Design by Nurus D Lab

Always up-to-date with science and technology, Nurus D-Lab designs products that are ahead of their time. Through human-centered observation, prototyping and in respect to trending needs and dreams, the team works diligently. Coming up with meaningful and reflective design solutions only marks the start of the process: From strategy to launch and support, D-Lab manages it all. Each detail is attended and tested through at the advanced level.

DIMENSIONS (mm)

W:90/120 cm Desk

W:90/120 cm 2-Leg Desk

Front Panel H:30 cm

L: -40 cm from table length.

Pila Exe Desk

Dimensions defined in millimetres.

Materials

Table slabs and front panel can be chosen from melamine, natural veneer, vinterio veneer, or recomposed veneer. Desk legs are made of powder painted metal (both outer and inner legs). You can choose to have outer and inner legs at different colours. Outer legs also feature recomposed veneer over metal choice.

Main body and back panel of Pila Exe cabinets can be melamine or lacquered, and cabinet door and rear desk slab can be melamine, natural veneer, vinterio veneer, or recomposed veneer. When melamine body is preferred, doors and rear desk slab will be melamine or recomposed veneer.*
