Plato Single Desks

Design by **Nurus D Lab**

Plato Single Desks

Plato single desks were designed for individual workspaces such as executive offices, unit managers, and home offices. Single desks can be preferred in three versions, all of which help you organize your workspace to suit your needs: single leg table, double leg table, and whatnot with nightstand for a leg. Featuring optional front panel choices, Plato single desks easily adapt to workspaces of different sizes.

In addition to individual workspaces, Plato single desks can also be utilized in social areas such as conference rooms and cafés. Cornered structure and modern design of Plato creates an assertive atmosphere.

Design by Nurus D Lab

Always up-to-date with science and technology, Nurus D-Lab designs products that are ahead of their time. Through human-centered observation, prototyping and in respect to trending needs and dreams, the team works diligently. Coming up with meaningful and reflective design solutions only marks the start of the process: From strategy to launch and support, D-Lab manages it all. Each detail is attended and tested through at the advanced level.
