Isola Collection at a Glance

Design by **Nurus D Lab**

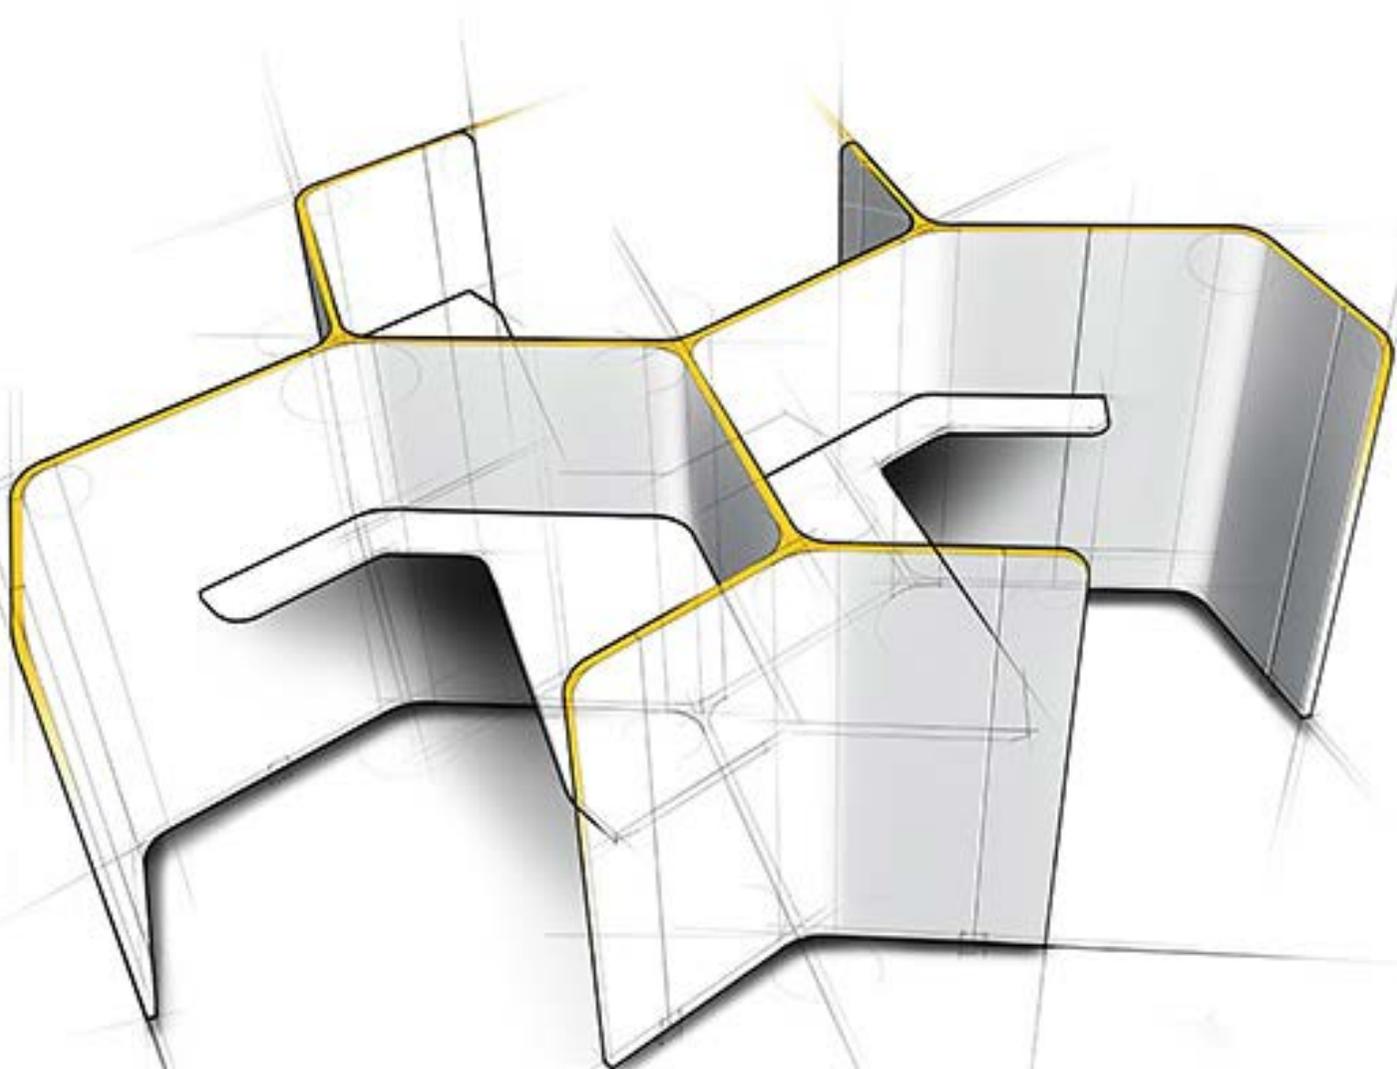

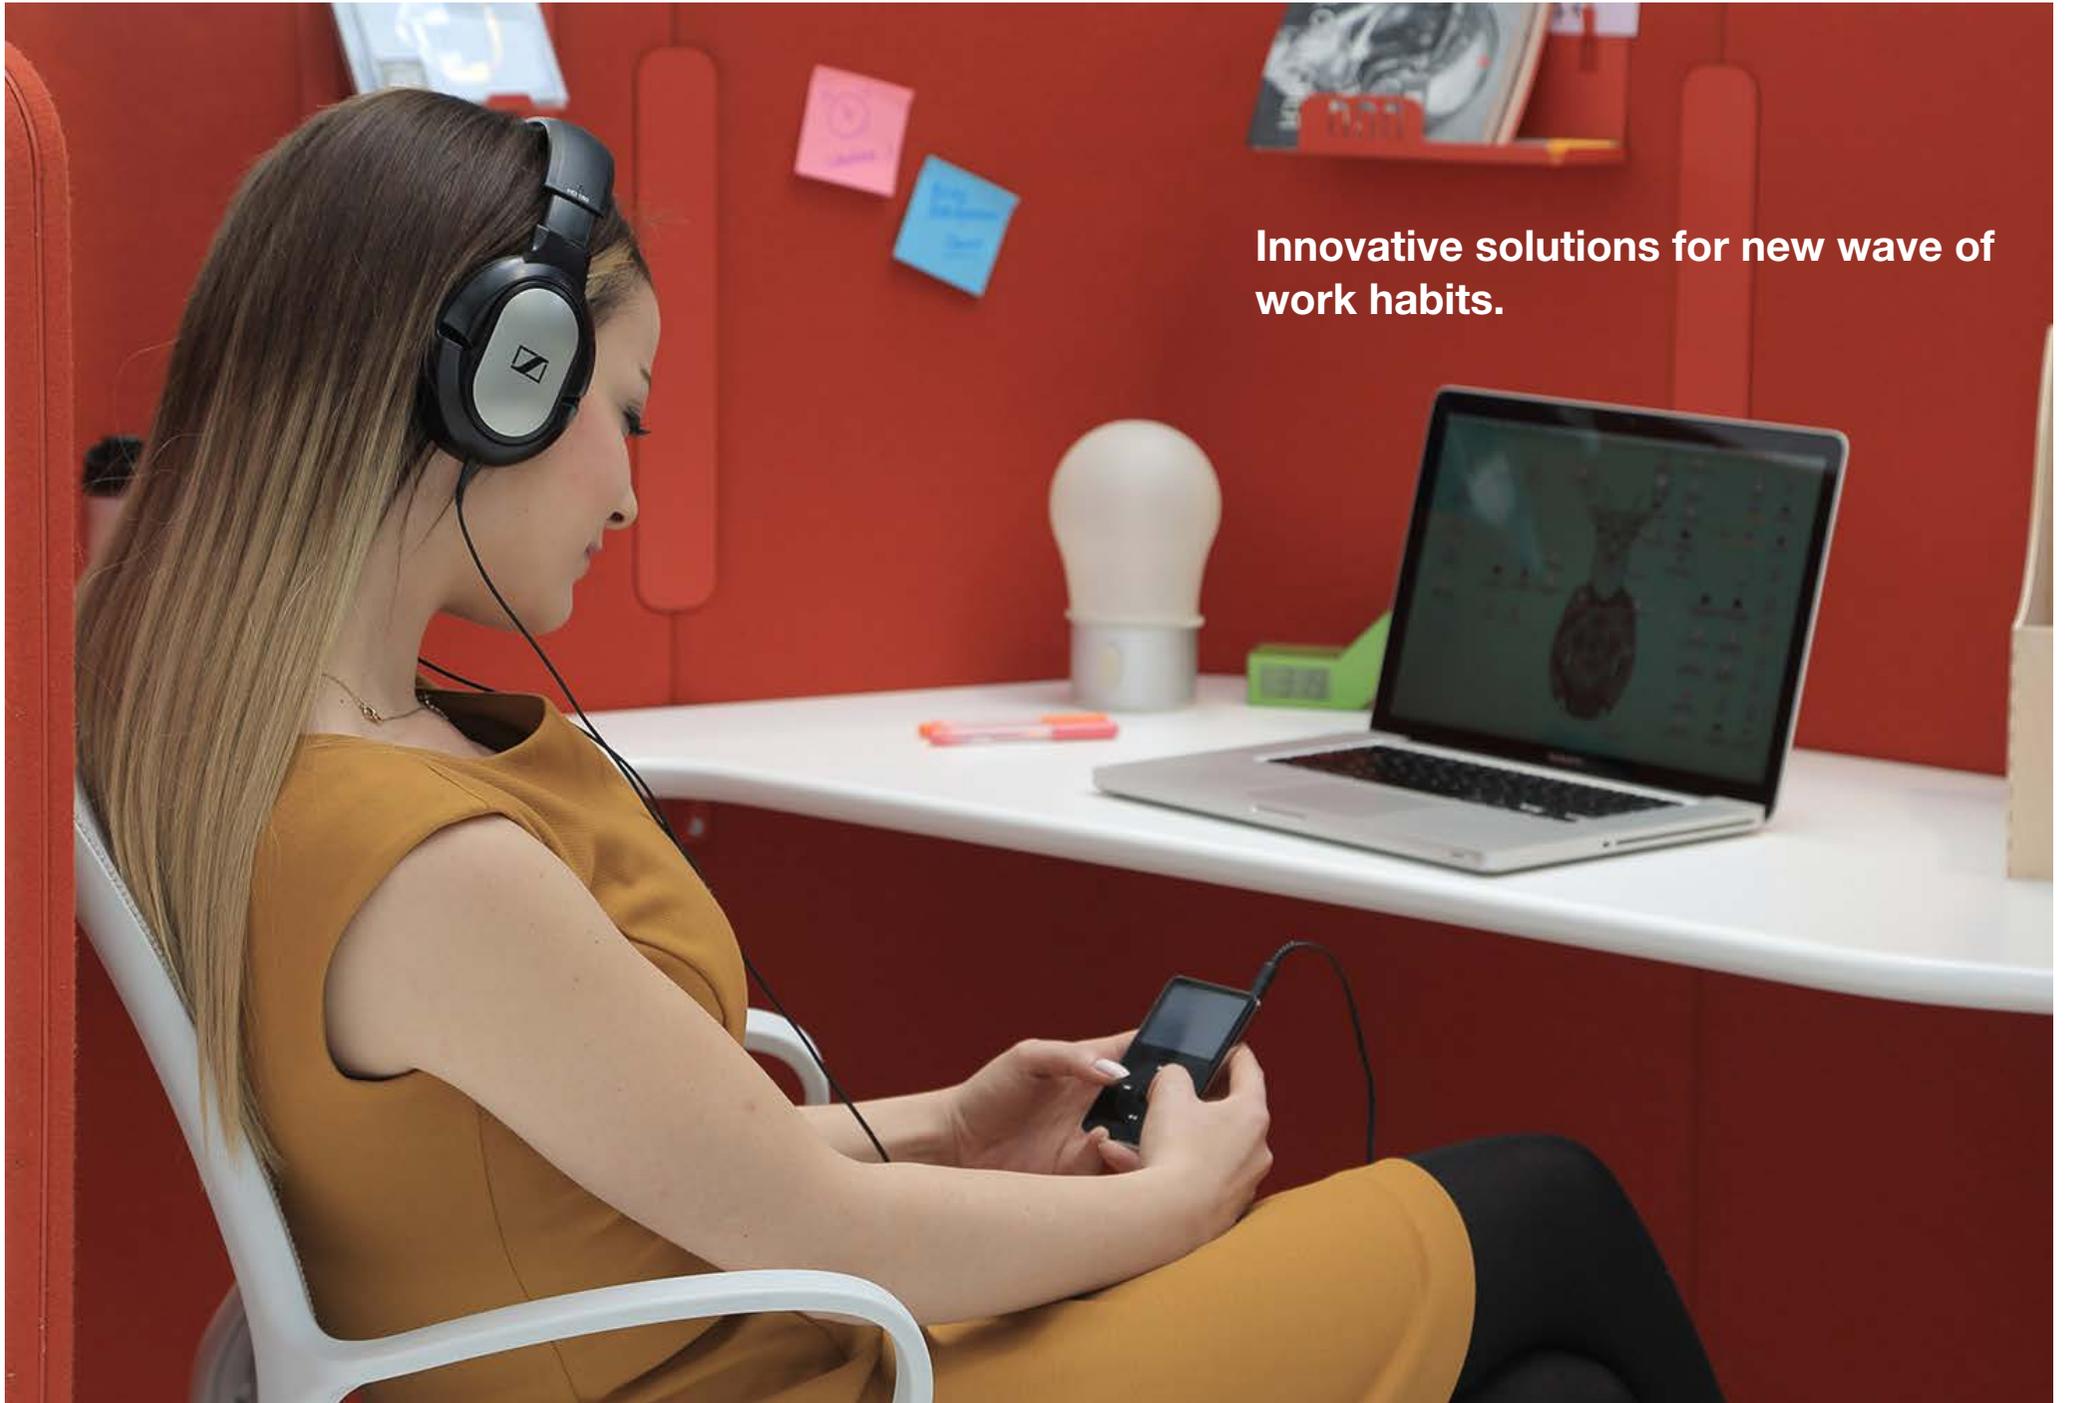

Quiet, concentrated, and versatile working.

Ever-changing working habits of modern business life require work environment to be redefined. We need spaces where we can conduct teamwork, individual efforts, brainstorming, minute-meetings and a variety of interactions, as well as spaces to concentrate and make best use of our break times.

Rich product family of Isola collection was carefully designed with meticulously calculated measurements; technological hardware equipped on Isola will meet all requirements of a work environment. Creating spaces within spaces, Isola features Media Wall that includes **Nurus Links**[®] connection point that not only facilitates access to electrical connections, data transfer, and multimedia sharing, but also enables tele-conferences, video conferences, presentations, and training sessions to be conducted.

Innovative solutions for new wave of work habits.

Nurus D Lab

A woman with long blonde hair is seen from behind, sitting in a white ergonomic office chair in a cubicle. She is wearing a yellow sleeveless top and black tights. She is holding a pair of black headphones to her ears. The cubicle walls are a vibrant orange-red color. On the wall behind her, there are several items: a small sign that says "ANIMATION NOW!", a calendar, and two sticky notes (one pink, one blue). To her right, a black messenger bag with a yellow and black checkered stripe and a circular logo is hanging on the wall. On the desk in front of her, there is a laptop, a white mug, and a small white container. The word "nurus" is overlaid in large, white, lowercase letters across the center of the image.
