Eon on Wheels

Design by Nurus D Lab

Eon on Wheels

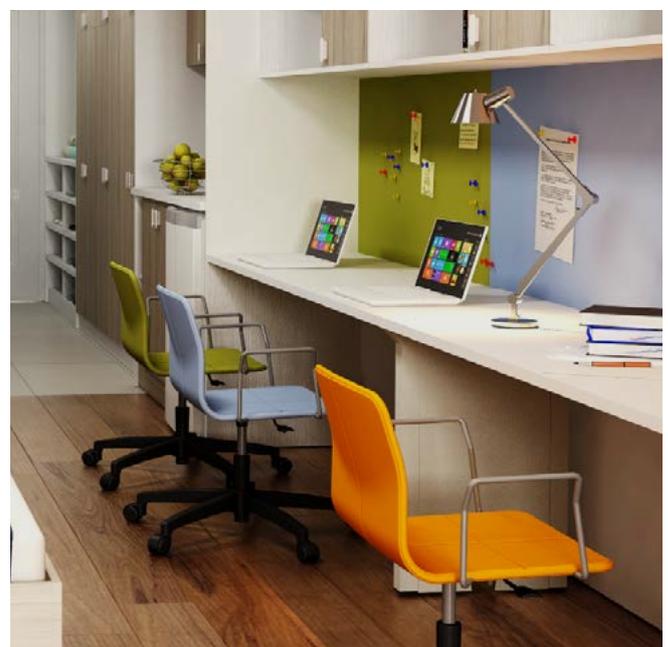

Eon on wheels is designed for busy work environments in consideration of active learning; adjustable backrest, carefully calculated back curve, and integral body structure offer an unusually comfortable experience.

Eon helps reach high levels of productivity in start-up offices, libraries, and social areas. Featuring rich material, accessory, and armrest choices, Eon provides multipurpose experience and easily blends into all spaces.

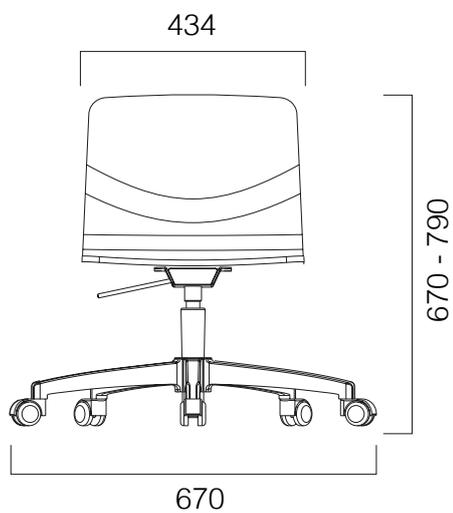

Design by Nurus D Lab

Always up-to-date with science and technology, Nurus D-Lab designs products that are ahead of their time. Through human-centered observation, prototyping and in respect to trending needs and dreams, the team works diligently. Coming up with meaningful and reflective design solutions only marks the start of the process: From strategy to launch and support, D-Lab manages it all. Each detail is attended and tested through at the advanced level.

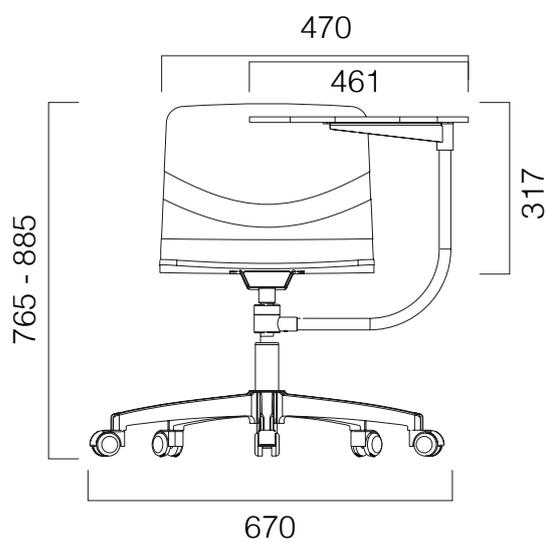

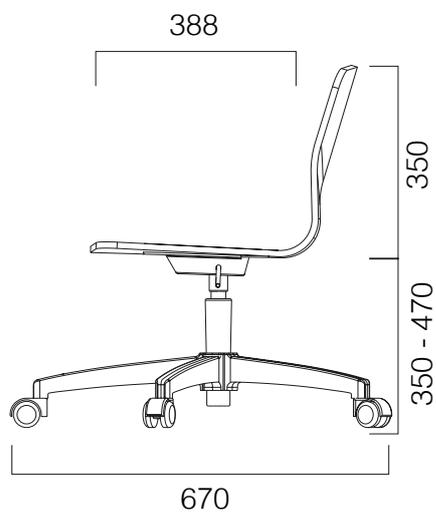

An ideal choice for learning and workspaces.
